JERSEY PLURALITY EXCEEDS 340,000

Harding's Lead Nearly Five Times as Large as Wilson's in 1910.

ALL LANDMARKS UPSET

Election of Single Democrat to Congress in Doubt on Late Returns.

Special Despatch to THE NEW YORK HERALD. TRENTON, Nov. 4.—Belated returns from Tuesday's election indicate that Senator Harding carried New Jersey by a plurality of approximately 340,000, or 80,000 in excess of the unheard of plurality shown by the returns received up to yesterday. The Republican victory has assumed such proportions that it now seems doubtful if the Democrats have elected even one of the twelve Representatives in Congress from this State. If they have the fortunate candidate is Commissioner Charles F. X. O'Brien of Jersey City. Mr. O'Brien's election was in doubt to-night.

The plurality of Senator Harding is more than 100,000 in excess of the total vote by which President Wilson was elected Governor of New Jersey in 1910, when the President had a plurality of 49,056. The Harding plurality, therefore, is nearly five times that received by President Wilson in the Democratic landslide which hit New Jersey ten years ago.

All landmarks were swept away by the tidal wave of last Tuesday. In one year the Democratic plurality of 35,000 in Hudson county alone was turned into a Republican plurality exceeding 38,000. Essex county gave a Republican plurality of approximately 75,000, equal to the greatest plurality previously recorded for any candidate in the entire State.

Figures scarcely suffice to tell the whole story of New Jersey's repudiation of the National Administration. The desire for a change was so emphatic as to carry into office not only candidates for the national Government and the State Legislature, but for hundreds of local offices in which Republican candidates never expected to figure.

By the kindness of fate the Democrats will have one representative in the next House of Assembly in the person of Mayor Harry Runyon of Belvidere, county seat at Warren, which elected the only two Democratic members of the

Some Job Has Jersey's Lone House Democrat

Special Despatch to THE NEW YORK HERALD.

TRENTON, N. J., Nov. 4.—Here is what Harry Runyon, Mayor of Belvidere, who was the lone Democrat elected Tuesday to the lower House of the New Jersey Legislature, will have to be and do:

He necessarily will be the minority's candidate for Speaker of the House and automatically will become minority leader. In addition he must serve as minority member on forty-nine House committees and if bi-partisan commissions are appointed by the House to conduct investigations he will have to represent the minority on these.

It will fall to the lot of Mr. Runyon to lead the opposition to all partisan measures fostered by the Republicans and to make all the speeches in the House for the Democrats.

Legislature. The other was Senator Thomas Barber, who was reelected.

Another precedent was broken in Essex county, where two women, Jennie C. Vanness of East Orange and Margaret B. Laird of Newark, and one negro, Walter G. Alexander of Orange, were elected to the Assembly.

The Republican party being pledged to a strict enforcement of the national prohibition law, the Anti-Saloon League is already planning to supplement the Volstead act by a State enforcement law. Such an enforcement will undoubtedly be opposed by Gov. Edwards, but the overwhelming Republican majority in both branches is sufficient to pass it over his veto should it be made a party measure.

WOMAN ASPIRANT FOR SENATE GETS BIG VOTE

Harding's Plurality in Pennsylvania to Be 700,000.

PHILADELPHIA, Nov. 4.—Mrs. Leah Cobb Marion of Emporium, the first woman in Pennsylvania to run for United States Senator, received a heavier vote on the Prohibition ticket than Watkins, the Presidential nominee on the same ticket.

Senator Penrose has a lead of 542,222, with 860 districts to hear from out of 7219.

Senator Harding's plurality for President, with 842 scattered districts unreported, is 645,095. If the same ratio is maintained he will have a plurality exceeding 700,000.

OHIO CELEBRATES AT HARDING HOME

Continued from First Page.

Two-hour Senator and Mrs. Harding their party of friends and a company of newspaper correspondents will be on their way to Texas, where the President-elect seeks rest and recuperation. Senator Harding and his personal party will leave Marion on a special train Saturday morning at 7:34 on the Big Four Railroad for Point Isabel, Tex. The train will go by way of St. Louis and the Big Four road. South of St. Louis it will proceed via the Iron Mountain and the International and Great Northern to San Antonio.

The party will arrive at San Antonio on Sunday night at 10 o'clock and will leave there the same evening for Brownsville via the San Antonio, Uvala and Gulf road, arriving in Brownsville at 11 A. M. Monday. Automobiles will await the party at Brownsville to convey it to Point Isabel, on the Gulf, twenty miles distant and only six miles from the southernmost point of territory in continental United States.

Members of the Party.

The party will include Senator and Mrs. Harding, Dr. and Mrs. C. E. Sawyer of Marion, George B. Christian, secretary to Senator Harding, and Mrs. Christian; Senator and Mrs. Joseph S. Frelinghuysen of New Jersey; Senator Fred C. Hale of Maine; Senator Davis Elkins of West Virginia; Malcolm Jennings and wife of Columbus and Harry M. Daugherty of Columbus, member of the executive committee of the Republican National Committee; Judson C. Welliver, who has had charge of publicity at Senator Harding's Marion headquarters, and the correspondents for the press associations and a few of the great newspapers. At Point Isabel the party will be the guests of P. E. Schober and R. B. Creager, both of them prominent in Texas Republican politics.

There has been a good deal of speculation as to who will be Secretary to the President, a post which has become of immense importance in recent years. There is little doubt that George B. Christian, who has been Senator Harding's private secretary for years, will be invited to accept the responsibility of the secretary to the President. Few men are closer to Senator Harding than Mr. Christian or more intimately reflect his views, and there is definite reason to state that Senator Harding does not contemplate a change of secretaries. Besides, having been private secretary to Senator Harding ever since the latter has been in the United States Senate, Mr. Christian has been closely associated with his chief for many years, and there is an old family friendship between the Hardings and the Christians.

ALBANY GIVES OVATION TO GOVERNOR SMITH

Greeted in Capital as Next Mayor of New York.

Special Despatch to THE NEW YORK HERALD. ALBANY, Nov. 4.—When Gov. Smith arrived in Albany at 8 o'clock to-night he received an ovation that would have done justice to a conquering hero rather than a defeated candidate. Thousands of citizens Republicans and Democrats alike, who for the first time since 1896 gave a majority to a Democratic candidate for Governor, welcomed him as he entered the big railroad station. They shouted themselves hoarse in his honor. Men threw their arms around his neck and one elderly woman rushing up to him and grasping his hand cried: "I love you just as much as ever, Governor!"

A huge bouquet of white chrysanthemums was thrust into Gov. Smith's hands, as some one shouted, "Hurrah for the next Mayor of New York!" The song "For he's a jolly good fellow" was still reverberating through the station as the Governor was driven away in an automobile to the Executive Mansion.

LOS ANGELES ACCUSES JAPANESE CONSUL

Oyama Meddled in the Alien Land Law Vote, Is Charged.

LOS ANGELES, Cal., Nov. 4.—Complaint against Ujiro Oyama, Japanese Consul in this city, has been sent to the State Department by the Anti-Asiatic Association of Los Angeles. It charged that the Consul was using his office as a basis for a campaign against the anti-alien land bill, which passed at Tuesday's election. The association declared this was "a gross breach of diplomatic privilege."

It was charged he displayed "pernicious activity" in advising voters to oppose the bill.

Members of the Japanese colony here have wired to the Japanese Ambassador in Washington denying the association's charges against Oyama.

The returns show that California by a three to one vote passed the bill. Returns from 5,413 of the State's 6,154 precincts showed 483,015 voted to adopt the measure, with 162,731 against it.
